

# CLCS Special Education Board Report

## December 2018

**Comparison Data**

The following is a special education data comparison between our schools and local AUSD schools.

- Blue = Exceeding
- Green = Meeting
- Yellow = Approaching
- Orange = Developing
- Red = Not Meeting
- None = Less than 30 students

School	Chronic Absenteeism	Suspension Rate	Graduation Rate	College / Career	English Language Arts	Math
Nea	Green	Orange	None	None	None	None
ACLCLC	None	Green	None	None	None	None
Encinal MS/HS	Yellow	Yellow	None	None	Orange	Orange
Wood MS	Red	Orange	None	None	Orange	Orange
Ruby Bridges Elementary	Red	Orange	None	None	None	None
Paden Elementary	Yellow	Red	None	None	None	None
Maya Lin Elementary	Yellow	Yellow	None	None	Orange	Red
Height Elementary	Orange	Orange	None	None	None	None

Nea and ACLCLC are the only schools in the area who are meeting state standards in any of the

*Neku Pogue, Director of Special Education, December 2018*

categories for students with disabilities. It is difficult to compare academic data as our information was reading with the state as under 30 students total in the sample population. Our office staff and Ed Tech have been working closely together to ensure that our special education data is accurate on CALPADS such that next year's data will be more reflective of our actual numbers.

***Thank You!***

Working for CLCS and the amazing communities at both schools has been a highlight in my career as an educator. I am thankful for the opportunity I have had as your Director of Special Education to strengthen and improve systems of support for our learners with IEPs and ultimately benefit the entire CLCS community. Community Learning Center Schools have a special warmth and commitment to equity in which all learner's thrive and I am grateful to have had this experience.
