Community Learning Center Schools
Board Meetings: December 2017
Executive Director Report – Patti Wilczek

1. Facilities update

In working with AUSD our portable project will go out to bid in January for two weeks. This will be an opportunity for contractors to bid on the project and we will select the quote that fits our requirements. We anticipate having a schedule for the project by January 31st including construction prep and installation. Currently the bid will be for:

Two portables for ACLC
Three portables for Nea
One office space portable
One shared restroom portable including a boys restroom, girls restroom, and staff restroom

Project Estimate for ACLC: \$450,000
Project Estimate for Nea: \$700,000

2. ACLC Science Fair

ACLC held their annual Science Fair on December 13th. The day was a fantastic day filled with learners demonstrating their knowledge around engineering and science concepts. The event culminated in classrooms filled with families that evening admiring projects and seeing results. Congratulations to the Science Department staff of Dan Freedman, Marina Large, Patricia Williamson, and Beth Cutright!

3. Marketing and Admissions

Enrollment requests are tracking with historical figures for this time of year, and information sessions have been well attended for both schools. Mid-year withdrawals are occurring at small and predictable numbers. There is no consistent trend for departures, though several are the result of families relocating.
