
**Community Learning Center Schools
Board Meetings: February 16, 2017
Executive Director Report – Patti Wilczek**

- Facilities Update
- WASC
- California Charter Schools Association
- Pilot Performance Review Surveys for Administrative Staff

1. Facilities update

We are working through the dispute resolution process with AUSD regarding the installation of portable classrooms on our site. In hopes that this matter can be resolved informally, a meeting has been arranged for later this week to discuss whether we can come to agreements and move this project to its conclusion.

2. WASC

Nea's WASC visit went very well, with the Visiting Committee (VC) being wow'ed by the amount and depth of changes made in just two years. The Nea team is to be commended for their work and achievements.

ACLC's term of accreditation has been extended to June 2019, with another site visit to occur that spring.

3. California Charter Schools Association

We have been approached by CCSA staff to participate in a video they are creating regarding facilities challenges experienced by charter schools in the state. A film crew and CCSA staff will be on site for two to three hours on Monday, March 6 for this purpose.

4. Pilot Performance Review Surveys for Administrative Staff

Surveys for the Lead Facilitators and Assistant Lead Facilitators were emailed out last week. Respondents consist of a sample of learners, staff and parents, and the instrument was also sent along to both schools' boards in the case of the Lead Facilitators. Responses will be shared only with individual staff members. Surveys for the remaining CLCS administrative staff will be distributed shortly.
